

20 Pcs/m Chip Quantity Colour Changing Led Strip Lights DC 5V Voltage for Your Creative Projects

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- Leds Type: SMD5050
- Power: 12w/m
- Model: LC-KWGD-6812-60-1
- Ip Grade: IP20
- Working Voltage: 5V
- Led Type: 5050
- Product Name: Addressable 5v Self-adhesive Light Strip
6812 Colorful 60 Lights Not Waterproof Ip20
- Colour: RGB+IC
- Highlight: **colour changing LED strip lights,
5V LED strip lights, creative project LED strips**

Product Description

Product Description:

Introducing our innovative Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof IP20, a top-of-the-line product designed to illuminate your space with vibrant colors and energy-efficient lighting. This Flex LED Strip Light is equipped with advanced LED technology, specifically the 5050 LED type, known for its high brightness and energy efficiency.

With a lifespan of 50,000 hours, this LED strip light is built to last, providing long-lasting illumination for various applications. Whether you are looking to add ambiance to your living space, accentuate architectural features, or create stunning lighting effects for events or parties, this LED strip light is the perfect solution.

The IP20 rating ensures that this LED strip light is protected against solid objects larger than 12.5mm, making it suitable for indoor use. The 60 LEDs per meter offer a high density of light output, ensuring uniform and bright illumination across any surface.

Whether you are a DIY enthusiast or a professional designer, this versatile LED strip light can be easily installed thanks to its self-adhesive backing. Simply peel off the protective layer and stick the strip onto a clean, dry surface to enjoy instant illumination.

Enhance your space with the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof IP20, a versatile lighting solution that brings color and brightness to any environment. Perfect for accent lighting, decorative displays, or creating custom lighting designs, this LED strip light offers endless possibilities for creative lighting projects.

Experience the benefits of COB LED Strip Light technology with this high-quality LED strip that delivers superior performance and energy efficiency. The 5050 LED type ensures bright and vibrant colors, making it ideal for both decorative and functional lighting applications.

Transform your space with the Grow Light LED Strips, a powerful lighting solution that provides optimal light spectrum for indoor plants. With 60 LEDs per meter, this LED strip light offers high light output to promote healthy plant growth and enhance the beauty of your indoor garden.

Illuminate your space with the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof IP20, a versatile and durable LED strip light that offers long-lasting performance and vibrant lighting effects. Whether you need accent lighting, task lighting, or ambient illumination, this LED strip light is the perfect choice for all your lighting needs.

Features:

Product Name: Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20

Shape: Flexible ribbon

Product Category: LED Strip Lights

LED Type: 5050

Voltage: DC 5V

Technical Parameters:

Product Usage	Indoor
Model	LC-KWGD-6812-60-1
Product Name	LED Strip Lights
Power	12w/m
Lifespan	50,000 Hours
Colour	RGB+IC
Leds Type	SMD5050
Chip Quantity	20 Pcs/m
Size	5m/roll
Number of Lamp Beads	60 leds/m

Applications:

Product Application Occasions and Scenarios for LINKOP LED Strip Lights:

The LINKOP LED Strip Lights, model LCSD-12V5050-RGB-60D-IP20, are versatile lighting solutions suitable for a wide range of occasions and scenarios. With the following attributes, these LED strip lights offer flexibility and quality illumination:

Flex LED Strip Light: The flexible design of these LED strip lights makes them ideal for various applications where bending and shaping the light source is required. Whether it's for accent lighting in residential spaces or creative displays in commercial settings, these lights can be easily manipulated to fit different surfaces and shapes.

High Voltage LED Strip Light: The LINKOP LED Strip Lights operate at a working voltage of 5V, providing efficient and reliable performance. This makes them suitable for areas where consistent and stable voltage supply is necessary, ensuring long-lasting and high-quality lighting output.

Dimmable LED Strip Light: With the model LC-KWGD-6812-60-1, these LED strip lights offer dimmable functionality, allowing users to adjust the brightness levels according to their preferences. This feature makes them perfect for creating different ambiances in homes, restaurants, hotels, and other settings.

Whether for residential, commercial, or industrial use, the LINKOP LED Strip Lights are CE certified and originate from Guangdong, China. The minimum order quantity is 50 meters, with a competitive price of \$0.9 per meter. Payment terms accepted include T/T, and the supply ability is 500,000 meters per month. Delivery time ranges from 3 to 8 work days, with packaging details in a bag for convenient

handling.

These LED strip lights use 5050 LEDs with a lifespan of 50,000 hours, ensuring long-term durability and performance. The product name, Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20, highlights its features and capabilities.

Support and Services:

Our Product Technical Support and Services for LED Strip Lights include:

- Assistance with installation and setup of LED strip lights
- Troubleshooting common issues related to brightness, color accuracy, and connectivity
- Guidance on proper maintenance and care for optimal performance
- Recommendations for compatible accessories and additional features

Packing and Shipping:

Product Packaging:

Our LED Strip Lights are carefully packaged to ensure they arrive in perfect condition. Each strip is wrapped in protective material and placed in a sturdy box to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping options for our LED Strip Lights. Orders are processed quickly and efficiently to ensure prompt delivery to our customers. We also provide tracking information so you can monitor the status of your shipment.

FAQ:

Q: What is the brand name of these LED Strip Lights?

A: The brand name is LINKOP.

Q: What is the model number of these LED Strip Lights?

A: The model number is LCSD-12V5050-RGB-60D-IP20.

Q: Where are these LED Strip Lights manufactured?

A: These LED Strip Lights are manufactured in Guangdong, China.

Q: What is the minimum order quantity for these LED Strip Lights?

A: The minimum order quantity is 50 meters.

Q: What is the price of these LED Strip Lights?

A: The price is \$0.9 per meter.
