

Eco-friendly 5m/roll LED Strip Lights with 12w/m and 20 Pcs/m Chip Quantity for Sustainable Lighting Solutions

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- Shape: Flexible Ribbon
- Lifespan: 50,000 Hours
- Power: 12w/m
- Led Quantity: 60 LEDs/m
- Colour: RGB+IC
- Product Name: Addressable 5v Self-adhesive Light Strip
6812 Colorful 60 Lights Not Waterproof Ip20
- Chip Quantity: 20 Pcs/m
- Working Voltage: 5V
- Highlight: **Eco-friendly 5m LED strip lights,
12w/m LED strip lights,
20 Pcs/m LED strip lights**

Product Description

Product Description:

The Digital LED Strip Lights offer a versatile lighting solution with their flexible ribbon shape, making them ideal for various applications. These LED strip lights feature the popular SMD5050 LEDs that provide bright and efficient lighting performance. Measuring 5 meters per roll, these Colour Changing LED Strip Lights give you ample length to decorate and illuminate your space. Whether you need accent lighting, task lighting, or ambient lighting, these LED strips deliver customizable illumination to suit your needs. With an IP20 grade, these Dimmable LED Strip Lights are designed for indoor use, adding a touch of modernity and style to any room. The IP20 rating ensures protection against solid objects and offers peace of mind when using these lights in your home or office. Not only do these LED strip lights provide vibrant and energy-efficient lighting, but they also boast an impressive lifespan of 50,000 hours. This means you can enjoy long-lasting illumination without the need for frequent replacements, saving you time and money in the long run.

Features:

Product Name: Digital LED Strip Lights

Emitting Color: RGB+IC

Product Usage: Indoor

Voltage: DC 5V

Model: LC-KWGD-6812-60-1

Chip Quantity: 20 Pcs/m

Technical Parameters:

Product Attribute	Details
Product Name	Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20
Product Category	LED Strip Lights
Number of lamp beads	60 leds/m
Size	5m/roll
Ip Grade	IP20
Power	12w/m
Emitting Color	RGB+IC
Led Type	5050
Working Voltage	5V
Leds Type	SMD5050

Applications:

LED Strip Lights from LINKOP are versatile lighting solutions that can be used in a variety of applications and scenarios. With the model number LCSD-12V5050-RGB-60D-IP20, these LED strip lights are perfect for creating vibrant and colorful lighting effects in any space. The certification of CE ensures the quality and safety of the product, while its place of origin in Guangdong, China speaks to its reliable manufacturing standards.

These LED strip lights are suitable for both residential and commercial use, making them ideal for a wide range of product application occasions. Whether you are looking to add ambiance to your home, highlight architectural features, or create stunning visual displays in retail or hospitality settings, the LINKOP LED strip lights are the perfect choice.

With a minimum order quantity of 50 meters and a price of \$0.9 per meter, these LED strip lights offer great value for money. The payment terms of T/T make it convenient for customers to place their orders, while the supply ability of 500,000 meters per month ensures that there is always stock available.

The delivery time of 3-8 work days means that you can receive your LED strip lights quickly, allowing you to start your lighting project without delay. The packaging details in a bag make it easy to store and transport the LED strip lights, while the size of 5m per roll provides flexibility in installation.

With the model LC-KWGD-6812-60-1 and 60 leds/m, these LED strip lights emit a vibrant RGB+IC color that can be customized to suit any design scheme. The IP20 grade ensures that the LED strip lights are suitable for indoor use, providing bright and energy-efficient lighting wherever they are installed.

In conclusion, the LINKOP LED Strip Lights are high-quality, reliable, and versatile lighting solutions that are perfect for a wide range of applications. Whether you need to create ambient lighting in a residential space or eye-catching displays in a commercial setting, these LED strip lights are the perfect choice.
