

Customize Your Lighting with Battery Powered LED Strip Light Dimmable and Color Options Included

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- Leds: 60pcs
- Ip Rating: Ip20
- Versatile Application: Suitable For Indoor Lighting, Home Decor, Commercial Settings, And Outdoor Events
- Energy Efficiency: Energy-efficient SMD 5050 LEDs
- Color Options: Color-changing Light Strips For Creating Various Atmospheres
- Lightweight: Weighs Only 2.29oz / 65g For Easy Handling And Installation
- Adhesive: Double-sided Tape For Easy Installation
- Dimmable: Dimmable LED Strip Lighting For Adjustable Brightness
- Highlight: **battery powered LED strip lights, dimmable LED strip lights,**

Product Description

Product Description:

Introducing the Ip20 Led Strip Lights, the perfect solution for adding vibrant lighting to your indoor spaces. These 5050 RGB LED Strip Lights offer a flexible and versatile lighting option that is perfect for a variety of applications. Whether you want to create a colorful ambiance in your living room, highlight architectural features, or add task lighting in your kitchen, these LED ribbon lights are up for the task.

The Ip20 Led Strip Lights operate at a low voltage of 12V, making them safe and energy-efficient. The lamp body material, PVC, ensures durability and flexibility, allowing you to bend and shape the strip lights to suit your specific lighting needs. With a lightweight design, weighing only 2.29oz / 65g, these LED strip lights are easy to handle and install, making them ideal for DIY projects or professional installations.

One of the standout features of these LED strip lights is their energy efficiency. Equipped with energy-efficient SMD 5050 LEDs, these lights consume minimal power while delivering bright and vibrant lighting. This not only helps you save on energy costs but also contributes to a more sustainable and eco-friendly lighting solution.

Moreover, the Ip20 Led Strip Lights are dimmable, giving you full control over the brightness and ambiance of your space. Whether you want to create a relaxing atmosphere in your bedroom or a lively setting in your entertainment area, these dimmable LED strip lights allow you to adjust the light output to suit your mood and preferences.

Enhance your indoor lighting experience with the Ip20 Led Strip Lights. With their versatile design, energy-efficient technology, and easy installation, these LED ribbon lights are the perfect choice for bringing color and illumination to any room in your home or commercial space.

Features:

Product Name: LED Strip Lights

Type: RGB Flexible Strip Light

Led Specification: SMD 5050

Lightweight: Weighs only 2.29oz / 65g for easy handling and installation

Color Options: Color-changing light strips for creating various atmospheres

LED Quantity: 60 LEDs/m

Technical Parameters:

Adhesive	Double-sided tape for easy installation
Lightweight	Weighs only 2.29oz / 65g for easy handling and installation
Lamp Body Material	PVC
Versatile Application	Suitable for indoor lighting, home decor, commercial settings, and outdoor events
Led Specification	SMD 5050
Product Category	LED Strip Lights
LED Quantity	60 LEDs/m
Color Options	Color-changing light strips for creating various atmospheres
Life	30,000h
Product Name	Ip20 Led Strip Lights Rgb Led Ribbon Lights For Indoor Lighting

Applications:

LED strip lights are versatile lighting solutions that can be used in a variety of occasions and scenarios. The LINKOP LCSD-12V5050-60D-IP20 LED strip lights, certified with CE, are manufactured in Guangdong, China, and are ideal for a wide range of applications. With a minimum order quantity of 50 meters and a price of \$0.9 per meter, these LED strip lights are a cost-effective option for both residential and commercial use.

The color-changing feature of these LED strip lights makes them perfect for creating various atmospheres, making them suitable for both indoor and outdoor use. Whether you are looking to add ambient lighting to your home, create a vibrant display in a retail setting, or set the mood for a special event, these LED strip lights are the perfect choice.

These battery powered LED strip lights are easy to install and can be used in areas where traditional lighting fixtures may not be practical. The dimmable feature of the LINKOP LED strip lights allows for adjustable brightness, making them suitable for a wide range of applications.

Whether you need high voltage LED strip lights for a commercial project or color-changing LED strip lights for a residential application, the LINKOP LCSD-12V5050-60D-IP20 LED strip lights are a reliable and versatile lighting solution. With a supply ability of 500,000 meters per month, fast delivery times of 3-8 work days, and secure payment terms of T/T, these LED strip lights are a convenient and cost-effective choice for all your lighting needs.

Each LED strip light is carefully packaged in a bag to ensure safe delivery to your doorstep. Enhance your space with the LINKOP LED strip lights and enjoy the flexibility and convenience of customizable lighting solutions for any occasion.

Support and Services:

Our Product Technical Support and Services for LED Strip Lights include troubleshooting assistance, warranty information, and guidance on installation and usage. Our knowledgeable support team is available to help you with any questions or issues you may have regarding your LED strip lights. Additionally, we offer repair services and replacement parts to ensure that your lighting system operates at its best.

Packing and Shipping:

Product Packaging:

Our LED Strip Lights are carefully packaged to ensure safe delivery to our customers. Each strip is wrapped in protective material and placed in a sturdy cardboard box to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping options for our LED Strip Lights. Orders are typically processed within 1-2 business days and shipped via trusted carriers to ensure timely delivery. Customers will receive a tracking number to monitor their shipment's progress.
