

IP65 Rated RGB LED Strip Lights 60 LEDs/m for Customizable and Eye-Catching Illumination

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- Led Quantity: 60 LEDs/m
- Dimming Capability: Yes
- Item Type: Light Strips
- IP Rating: IP65
- Length: 5 M/roll
- Voltage: 12V
- Type: 5050 Strip Light
- Switch Mode: Remote Control
- Highlight: **IP65 rated LED strip lights,
RGB LED strip lights 60 LEDs/m,
customizable LED strip lights with warranty**

Product Description

Product Description:

Welcome to our product summary for the LED Strip Lights! If you are looking for a versatile lighting solution that offers color-changing capabilities, flexibility, and durability, then our Flex LED Strip Light is the perfect choice for you.

With the ability to change colors, these LED strip lights will add a vibrant and dynamic ambiance to any space. Whether you want to create a relaxing atmosphere with soft warm tones or enhance a party with bright, colorful lights, these color-changing light strips have got you covered.

Not only do these LED strip lights offer a range of colors, but they also come with an IP Rating of IP65, making them suitable for outdoor and indoor use. This means you can install them in your patio, garden, or even your bathroom without worrying about water or dust damaging the lights.

One of the key features of our Flexible LED Strip Light is its long lifespan. With a life expectancy of 30,000 hours, you can enjoy years of quality lighting without the need for frequent replacements. This makes them a cost-effective and reliable lighting solution for both residential and commercial applications.

The Emitting Colour of these LED strip lights is RGB, which stands for red, green, and blue. This combination of colors allows you to create a wide spectrum of hues and shades, giving you full control over the lighting effects in your space. Whether you want a calming blue glow or a vibrant red accent, these RGB LED strip lights can deliver.

Each roll of our Dimmable LED Strip Light measures 5 meters in length, providing you with ample lighting coverage for various projects. Whether you want to illuminate a room, highlight architectural features, or create custom lighting designs, the 5-meter length offers flexibility and versatility in installation.

In conclusion, our LED Strip Lights offer a perfect blend of functionality, style, and convenience. With color-changing capabilities, an IP65 rating, a long lifespan, RGB emitting color, and a generous 5-meter length per roll, these LED strip lights are the ideal choice for anyone looking to enhance their space with dynamic and customizable lighting.
