Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- IP Rating: IP65
- Switch Mode: Remote Control
- Applications: Indoor And Outdoor
- Emitting Colour: RGB
- Adhesive LED Rope Lights: Yes
- Led Quantity: 60 LEDs/m
- Length: 5 M/roll
- Dimming Capability: Yes
- Highlight: **5050 high voltage LED strip, indoor outdoor LED strip light, LED strip light with warranty**

Product Description

Product Description:

Welcome to our product summary for the Colour Changing LED Strip Lights! This versatile lighting solution is perfect for adding ambiance and style to any space. With adhesive LED rope lights, installation is a breeze as you can easily attach them to various surfaces. The Colour Changing LED Strip Lights are classified as an item type of Light Strips. Each roll of these LED strip lights measures 5 meters in length, providing ample coverage for your lighting needs. The LED type used in these strip lights is SMD 5050, known for its brightness and efficiency.

One of the standout features of these LED strip lights is their color-changing capability. You can effortlessly switch between different colors and create dynamic lighting effects to suit your mood or environment. Whether you want a vibrant display or a calming ambiance, these lights can cater to your needs.

Not only do these LED strip lights offer color-changing functionality, but they also boast high voltage capabilities. The high voltage LED strip light design ensures stable and consistent performance, making them reliable for long-term use. You can enjoy bright and vivid lighting without worrying about fluctuations or dimming.

Moreover, the flexibility of these LED strip lights allows for versatile applications. You can easily bend, shape, and mold the strip lights to fit around corners, curves, or any desired layout. This flexibility opens up a world of creative possibilities, enabling you to illuminate spaces in unique ways.

Whether you're looking to enhance your home, office, shop, or any other environment, the Colour Changing LED Strip Lights offer a convenient and effective lighting solution. With their adhesive backing, you can quickly install these lights on walls, ceilings, furniture, or any other surface you wish to illuminate.

Experience the convenience and versatility of the Colour Changing LED Strip Lights today. Transform your space with vibrant colors, high-quality lighting, and flexible design. Elevate your lighting setup and create captivating visual displays with these innovative LED strip lights.

Features:

Product Name: LED Strip Lights

Emitting Colour: RGB

Color-Changing Light Strips: Yes

Adhesive LED Rope Lights: Yes

Switch Mode: Remote Control

Life: 30,000h

Technical Parameters:

Switch Mode	Remote Control
Item Type	Light Strips
Length	5 M/roll
Color-Changing Light Strips	Yes
Dimming Capability	Yes
Life	30,000h
IP Rating	IP65
Led Type	SMD 5050
Led Specification	3 leds/groups
Led Quantity	60 LEDs/m

Applications:

Product Application Occasions and Scenarios for LINKOP LED Strip Lights:

The LINKOP LED Strip Lights (Model: LCSD-12V5050-RGB-60D-IP20) are versatile lighting solutions suitable for a wide range of applications in both indoor and outdoor settings.

1. Battery Powered LED Strip Light:

Due to their low voltage requirements (12V), these LED strip lights are ideal for battery-powered applications. They can be used in camping setups, RVs, boats, and other off-grid scenarios where a reliable and energy-efficient lighting source is needed.

2. High Voltage LED Strip Light:

With their CE certification and high-quality construction, these LED strip lights are also suitable for high voltage applications. They can be installed in commercial settings, retail stores, and industrial environments where bright and durable lighting is required.

3. Automotive LED Light Strips:

The RGB emitting color and dimming capability of the LINKOP LED Strip Lights make them perfect for automotive customization. Whether it's accent lighting inside the vehicle or underglow lighting for the exterior, these LED strips can add a touch of style and functionality to any car or truck.

Manufactured in Guangdong, China, these LED strip lights have a minimum order quantity of 50 meters and are priced at \$0.9 per meter. Payment terms are flexible with T/T accepted, and the supply ability is 500,000 meters per month. Delivery time ranges from 3 to 8

workdays, ensuring quick turnaround for orders. The packaging details include a convenient bag for easy storage and transportation. Each roll of LINKOP LED Strip Lights is 5 meters in length and contains 60 LEDs per meter, providing ample lighting coverage for various applications. Whether you need to illuminate a room, highlight outdoor features, or add flair to your vehicle, these LED strip lights offer a reliable and cost-effective lighting solution.

Support and Services:

Our Product Technical Support and Services for the LED Strip Lights include troubleshooting assistance, product guidance, and maintenance recommendations. Our team of experts is dedicated to providing you with the necessary support to ensure your LED Strip Lights function optimally. Whether you have questions about installation, operation, or any other technical aspect, we are here to help.

Packing and Shipping:

Product Packaging:
Our LED Strip Lights are carefully packaged to ensure they arrive in perfect condition. Each strip is neatly coiled and placed in a protective plastic sleeve. The package is then sealed in a sturdy cardboard box to prevent any damage during transit.

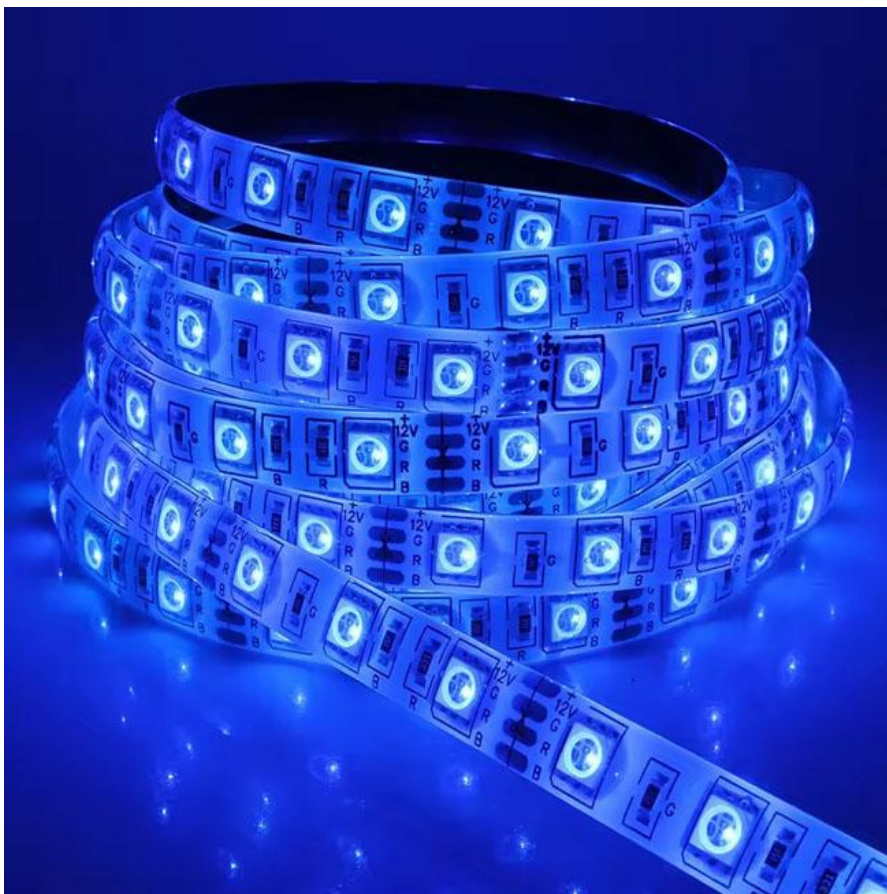

Shipping:
Orders are typically processed within 1-2 business days. Once your order is shipped, you will receive a tracking number to monitor the delivery status. We offer standard and expedited shipping options to suit your needs. Rest assured, we work with trusted shipping partners to ensure your LED Strip Lights are delivered safely and on time.
