

Double-sided Tape Adhesive Color Changing LED Strip Lights Easy Installation and with 60pcs LEDs

Our Product Introduction

for more products please visit us on ledslightstrip.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

**Double-sided Tape
Color Changing LED Strip
Easy Installation and with 60pcs LEDs**

Product Specification

- LED Quantity: 60 LEDs/m
- Adhesive: Double-sided Tape For Easy Installation
- Dimmable: Dimmable LED Strip Lighting For Adjustable Brightness
- Life: 30,000h
- Type: RGB Flexible Strip Light
- Product Name: Ip20 Led Strip Lights Rgb Led Ribbon Lights For Indoor Lighting
- Energy Efficiency: Energy-efficient SMD 5050 LEDs
- Lightweight: Weighs Only 2.29oz / 65g For Easy Handling And Installation
- Highlight: **color changing LED strip lights, double-sided tape adhesive LED strips, 60pcs LEDs strip lights**

Product Description:

Introducing our top-of-the-line Flexible LED Strip Lighting, the perfect solution for all your lighting needs. This high-quality product is designed to provide bright and energy-efficient lighting in a variety of settings. Whether you're looking to enhance the ambiance of your home, add some flair to a commercial setting, or brighten up an outdoor event, our LED Strip Lights are the ideal choice.

The LED Strip Lights operate at a voltage of 12V, making them safe and easy to use in a wide range of applications. With a long lifespan of up to 30,000 hours, you can trust that these lights will continue to shine brightly for years to come, saving you time and money on frequent replacements.

As an item type of Light Strips, our LED Strip Lights feature the latest LED technology, specifically the SMD 5050 LED specification. This ensures that you get the best quality lighting with optimal brightness and color consistency. The LEDs are also energy-efficient, helping you reduce your electricity bills while still enjoying bright and vibrant lighting.

One of the key features of our LED Strip Lights is their versatile application. Whether you need lighting for indoor spaces, want to add a touch of style to your home decor, require lighting for a commercial setting, or are hosting an outdoor event, these LED Strip Lights are perfect for all these purposes. Their flexibility allows you to easily install them in various locations, creating the perfect lighting ambiance wherever you need it.

Our LED Strip Lights are also dimmable, giving you full control over the brightness levels to suit your preferences. Whether you want to create a cozy atmosphere in your living room or need bright lighting for a commercial space, these lights can be adjusted to meet your needs.

For automotive applications, our LED Strip Lights are the perfect choice. Whether you want to add some accent lighting to your vehicle's interior or enhance its exterior appearance, these lights are easy to install and provide a bright and long-lasting lighting solution. Their flexibility allows you to fit them into tight spaces, ensuring that you get the perfect lighting setup for your car or truck.

In conclusion, our Flexible LED Strip Lighting is a versatile and high-quality lighting solution that is perfect for a wide range of applications. With their long lifespan, energy efficiency, dimmable capability, and SMD 5050 LED specification, these LED Strip Lights are the ideal choice for indoor lighting, home decor, commercial settings, outdoor events, and automotive applications. Upgrade your lighting today with our premium LED Strip Lights!
